“ *She was always "Sissy" to me and I have called her this all through our lives. I miss her tremendously and am deeply saddened that our contact over the past two years was spent only reminiscing about our childhood instead of making new memories. We shared a lot, both pain and happiness. She and I understood the struggles of the other. My thoughts are with all of the family and loved ones, but mostly. they are for her. Fly free now and know that your infectious smile and razor sharp will truly be missed. Your memory and light will live on. Rest In Eternal Peace Sissy. With Love...Gregory.*
