“ I will miss you so much Boo the long long talks we had . I will truly miss everything about you. You had a heart that loved so much . My girls are gonna missed their Grandma Angel as they called you. I had no problem sharing them with you .

My heart breaks 💔 so much I can't seem to wrap my head around that I will never hear that infectious laugh when we shared goofy pictures of things we came across.

I must be a greedy person because I don't want you to be gone .

The thought that I will never video chat with you or hear your voice is heart breaking 💔.

They only thing that helps is you are no longer in pain . I will forever cherish the friendship we had . I knew the second we chatted you were gonna be a great friend and you definitely proved that .

Love you so much Boo ☐❤️🙏
