“ *Becky was such a good person. She was way too young to die. I met her first when she was a little girl, and then when she was a teenager she hung out with my cousins, then later I saw her all the time at Subway. I know how much she loved her family. My prayers and thoughts are with her family during this very sad time.*

“ *Becky was an amazing person. She could brighten any room. I remember when I first met her 17 years ago we were competing to see who could make my wife more red in the face. She will always be Ralphie to us. She did so much for us. A sister to my wife. Took care of our house and fur babies when ever we went out of town. Love you Becky. I am still in shock and wish we could turn back the clock and redo a lot of things we said we would do.*
