“ *To the family and friends of Betty: Ed and I are thankful we knew your mother and friend. When Ed worked at NCR Betty was there cheering everyone on with her words and that great smile. It was Betty that Ed hugged when we won a trip to San Francisco since she drew his name....I was ok with that!! Seeing her out and about we always enjoyed her smile and words of kindness. Lastly, we could visit more with her when she and her friend were mall walking (stopping to rest often). . .Let her smile take her to our Lord and Savior!!!!!!!!!!!!*
