“ *So many wonderful memories of Carla both at work and so many other functions. Met her at Doctor's hospital when she was still a teenager, we became friends, shared many times with her, babysat Vanessa frequently. I watched Carla tackle education to improve her skills, become a dedicated, caring nurse to so many and especially my mother-in law when she was hospitalized. Carla touched so many lives in so many ways. We will all treasure the memories. Jo and Doug Montgomery*

“ *My heart goes out to Carla's family. We worked together back in the early 70's at Dutton Lainson and she was a good friend. I will always remember her with a smile.*

*Carla will be greatly missed. I am so glad that I got to spend time with her after she moved back to Nebraska. She always referred to me as Karla with a K, and I referred to her as Carla with a C. HHS Class of 1968 has another bright star ✨ in the sky.*

*With my deepest sympathy.

“ *Dear Aunt Carla, I'll always remember you as The Artist. I'm inspired by your talent, your interest in and support of local artists. Thank you for escorting me to my first proper gallery and for the easel, art work, tools, and most importantly for sharing all your creativity and broad perspective (of both art and life). I promise to keep art a part of my life and I will think of you no matter the medium!*
