“ *Cecelia was such a great lady. My mom (Marge Sorensen) was with her for a short time at Skills and both my mom and myself loved talking and eating with her. I am so sorry for your loss. My Mom just passed away. I know just how hard it is. I will keep all of you in my prayers.*

“ *What an Angel lost to this earth. Cecelia was a delightful person. She was my first patient in nursing school, boy did she keep me on my toes. I enjoyed getting to know her during my clinical experience. I will never forget her. My condolences to all Cecelia's family. Praying for you in this time of grief.*

*Sincerely

“ *Ceil will always hold a special place in my heart. She was a very special lady. She could be such a pistol one minute and the next she had us all laughing the next. Of course we never knew what might come out of her mouth but we all had such a good time taking care of her. She was very proud of all of her family and loved all of you. We could usually distract her by talking about family. She was such a special lady that will be missed by the Skilled Care Unit greatly. I have always told the other girls that "I want to be just like Ceil when I grow up". May God Bless you and bring you peace during this time. love to all. Jean Wilson*
