“ *Saddened to hear of Conel's passing. I have known Conel from High School days, into more recent years where he was managing various establishments in the Grand Island area. He's a good man...he was a friend. Mr. Buscher...you have made a difference, you made me smile, and you will be missed. Rest in Peace Conel.*

“ Conel made lots of friends while living in Superior. He cooked at the Elks Club for a while and got lots of compliments on his prime rib. He also cooked for some churches in the area when they would have fund raisers. He would never except any money for his time. That's the kind of guy Conel was. Always helping out folks and only needing a thank you. He made my sister very happy. All the laughter and the shopping and traveling made her so happy. Her heart is truly breaking right now. Conel was like one of our family. We cared for him deeply. We loved that big smile he always had on his face. Nebraska has lost a GREAT Husker fan. May you rest in piece my dear friend.

“ Conel was a great guy and made lots of friends here in Superior. He was always helping people out at the Elks Lodge. He cooked great food for the club and always got lots of compliments on his prime rib. He cooked meals for different churches around town and would never except any money for his time and hard work. That's just the kind of guy he was. My family and I cared for him deeply like he was part of the family. He made my sister very happy for so many years and for that I thank him. Nebraska has lost a GREAT Husker fan. We will miss Conel very much. Especially that big smile. Rest in Peace my friend. Sincerely Clifford and Ginger White

“ That smile says it all, doesn't it? Martha and I both worked with Conel at Northwest High School. I can never recall a time when that broad grin wasn't showing. What a great guy he was in the classroom.

The retired Northwest teachers meet at State Street McDonald's on Friday morning, and last Friday, we remembered Conel (and Wes) with great fondness as we discussed old times. It is so sad that Cody (as Don Koller (music teacher)) says...the best Linus ever) is the only of "our" three Buscher brothers still with us.

Martha and I got a big chuckle from Ken Bassett's (art teacher) story about ordering a "well-done" steak salad at Mickey Finn's one evening, only to have Conel (clearly agitated) personally bring it to his table saying that he wouldn't vouch for that salad because of Ken's insistence that the meat be overcooked. I gather that this was one time that Conel did not have that characteristic smile on his face.

May Conel and Wes rest in peace.

“ *The Buscher Boy's lived upstairs from me over 40 years ago and Conel spent lots of his time in our apartment playing rummy and talking. He was always ready to cook up a meal (usually eggs that his mom would bring over). He looked up to everything his older brother Cody would do or say. Conel helped Wes when he needed a place to stay or a place to get away too. He gave me the nick name "GP" that stayed with me many years and the last time I talked to Conel he called me GP. He also nick named my daughter "Kimmi" that has been with her now 42 years. It was always a treat going into Mickey Finns and seeing that happy smile as he greeted everyone that walked in.*

Conel left me and my daughter with many happy memories and my heart is saddened with his passing, may he Rest In Peace.

Prayer and thoughts are with his family and friends.
