I started at Wood River High School at the beginning of my junior year. Connie was a friend from the beginning. It was hard starting at a new high school and she made it easier. She would give me rides to school and we had a lot of laughs. I remember a group of us went to the drive-in to see the movie Love Story. She was the driver and I was sitting in the back with a couple of other girls and right at the big moment when everybody was crying, Connie turned around and showed a flashlight in our faces to see who all was crying! She was a huge prankster. I saw her many times over the years at Skagway, so we would catch up.

She even drew my name from a drawing at Skagway and I won an inflatable boat. I am saddened I didn't see her these last several years. My sincere condolences.

“ Connie took care of my mom for several months. She was a wonderful care giver and always available to help me with my mom because I live out of state. Her and my mom would go grocery shopping together and laugh and have fun which was very rare for my mom. But Connie could always make her laugh or smile. I became good friends with Connie and will miss her very much. My deepest sympathy to all her family.
