“ *My heart hurts and my eyes tear at the news about Connie. So sorry I could not be present for her services. Connie held so much poise and grace as she made her way through her cancer. She was our coordinator for the A Time To Heal group in 2014. You met some of our group at visitation. Connie was a person whom I wished to be more like. She was great inspiration and encouragement as she helped our group through that 12 week course. You all were blessed to be close to her as we were to just know her less intimately. May God watch over all of you as she flies to Jesus.*

“ One of the nicest persons I have met and worked with. You came to the area I worked in to help out one day and I observed the 'art of nursing' in real time! I ran into you later while you were working in your new job as Oncology Community Outreach Coordinator. You were as laid back and cool as ever. You were a pleasure to be acquainted with. “ About a year ago I had the joy of visiting with Connie in a store. It had been a long time since I had seen her or you her family. She still possessed that lovely light that she always seemed to radiate. I so enjoyed the time I spent with you Brooke as my piano student and neighbor. As we talked that day Connie shared with me her love of the Lord in her life. I too love Jesus and I know this must be a terrible loss to each of you but Bob and I promise to lift you all to Jesus; that in the dark hours you will feel God's overwhelming presence; in the days ahead His comfort. What a joy to have know Connie - even just a little bit. Bob and Nancy Bjorklund (neighbors on Allen Avenue).
