“ *As a neighbor she was a treasure, a true friend ,almost always had a smile and a cup of coffee!*

On day over our cups she giggled and said"Hey maybe someday our kids will get married , We would be inlaws that would be great!" A decade later her son married our daughter .Brandi,and our new journey began!

That was 14 years ago next month and she is missed a great deal. We think of her daily!

Dear Connie; I will see you again in our Father's House, and I will surely miss you. I tried to download a photo that I have of you, Jr. Terry and I that I know that you loved, but it would let me (or as usual, I couldn't figure it out, LOL). I was in shock; when Tammy told me that you were gone, I guess because you are 2 years younger than I am. You, your mom, my parents and our Grandparents get together and talk over good times and know that we all here HAVE ALWAYS HAD YOU IN MY HEART & MY PRAYERS! Connie; I choose the Green Candle, because it's the color of "Will", which we both always had in our souls!

God has called you home, but you will (and always have been) in my heart, thoughts and prayers Dear Cousin Connie!

Your Cousin, Marsha D. (Larkin-Lieth) Arnold
