“ *Keith and family. My deepest sympathies on the loss of your loved one. Although I did not know her well I do know that she was always smiling when I saw her. Her love for her family is undeniable. I feel your heartache over this loss, knowing it will get better as you are able to spend more time sharing good memories. Take Care. Love, Becky and Mark Otto.*

“ *Crystal was the best big sister. I can't tell you how many times she would stand up for me when everyone else was so awful. I can't tell you how much she cared because it was so much more than just a text or a phone call she was always genuinely concerned how she could help. She and I against the world always. She will be forever loved and always in my heart and on my mind until we meet again my beautiful brown eyed sis we will wreak havoc in heaven when I get there. After all we have an eternity to do all the things our shells wouldn't permit for us to do here on this earth. I love and miss you so much!*
