

David and Marcia Provorse

April 9, 1960 - December 20, 2024

Dave and Marcia Provorse rode off into the sunset together on December 20, 2024. David Lee Provorse was born April 09, 1960 to the late Albert Allan Provorse and Dorothy Ladine Provorse (Long) in Fremont, Nebraska. Marcia Lynn Rowley was born April 21, 1962 to the late Bernard Francis Rowley and Claudine Marie Rowley (Summers) in Grand Island, Nebraska. Their love story began as high school sweethearts at Fremont High School and they were inseparable from that moment on. If Dave wasn't busy with athletics or music and Marcia wasn't busy trying to keep her brothers out of trouble, they could be found together. They were married in front of 400 of their closest friends and relatives on August 16, 1980. Dave studied psychology at Midland University, and attained a PhD from the University of Nebraska, while Marcia assured their social life was just as full as their academic life, maintaining old relationships and building new ones. To this day, most friends, colleagues, and family members of Marcia's believe they were her 'favorite', and they all were. In 1990, Dave became a psychology professor at Washburn University in Topeka, KS where he taught, mentored, and impacted many lives over the course of 34 years. Marcia was an indispensable office manager at the endodontic practice of Dr. Kerry O'Neal, where she worked for 30 years. They are survived by their beloved daughter, Amanda Marie (Mathew) Strassburg and two grandsons, Jax David and Leo William, whom they adored. Dave and Marcia had large, loving families and are survived by siblings Cindy (Scott) Sindel, Al (Paula) Provorse, Kay (Jeff) Ritz, Cheryl (John) Riskowski, Mike

(Marlene) Rowley, Randy (Joyce) Rowley, Brad (Pat) Rowley, Jamie Rowley, Jeremy (Lori) Rowley, and Jeff (Ashlee) Rowley, and many nieces and nephews. Their life adventure had many ups and downs, as they all do, but Dave and Marcia chose to focus on the ups and help their loved ones to do the same. What started with softball games, garage bands and dance recitals grew into marathons, Big Red football, cycling, riding Harleys and countless other activities. Through it all, they had the type of love that was admirable. It was the relationship you dream about having when you grow up. It was truly “a notebook kind of love”. Friends and family were always central to these adventures and everything Dave and Marcia did. No matter what else was going on, they found time to love and support the hundreds of their closest friends, relatives, students, coworkers, and family. Dave and Marcia touched countless lives and will be missed beyond words. In lieu of flowers and in memory of Dave and Marcia, please consider a memorial contribution to Washburn University’s Master’s Degree Psychology Scholarship, a fund they established and deeply valued. Gifts can be mailed to Washburn University Foundation, 1729 SW MacVicar, Topeka 66604, or online at <https://www.wualumni.org/g/psychology>. They will be honored December 30th at the Peace Lutheran Church in Grand Island, NE, beginning with a visitation at 9:30am, service at 10:30am, with a short graveside service at Westlawn Memorial Cemetery and reception at Travelers Taproom to follow, from 12:30-5:00pm. The service will be live-streamed at Peace Lutheran Celebration of Life-Grand Island facebook page.

“ *Two of the smartest, kindest and most genuine people I've ever met. Sharing the high school and college experience with Dave, I was always in awe of his intellect and willingness to help others. They both will be so very greatly missed by so many.*

“ Dave and I go back to 7th grade and naturally have known Marcia since they started dating. Dave and I were in our first bands together (wish I had pics), played sports, had classes, went to concerts, ski trips, were in each other's weddings... They babysat our oldest a couple of times and we were at Mandy's 1st birthday party. We even worked together for two years post-college while Dave was working on his Master's. While we didn't see each other often after they moved to Topeka we never lost touch. We texted and our high school group of friends has a texting thread. Dave had just commented on something on the 18th. We always met up at our class reunions and the last time I saw both of them was last January at our 1977 track team Hall of Fame induction in Fremont. I'm a better person for having known them these 50 years and will miss them greatly.

“ *Dave was a most helpful and supportive colleague at Washburn University. He was a patient listener and open to new therapeutic approaches. I appreciated his leadership to collaborate across departments. Dave modeled the kindness of compassionate therapists, dedication of keen professors, and humility of gifted mentors. The psychology students he taught will carry his legacy of grace. My heartfelt condolences to Dave and Marcia's family and loved ones. Most Sincerely, Dr. Brian Ogawa, Professor (ret.)*

“ I can't speak for the whole WUMT (Washburn University Marathon Training) Team members of which there are hundreds, Dave and Marcia will be forever in our hearts and minds. After running with Dave and Bill for over 20 years I will miss our time together. I last saw the two of them as they passed me on the trail on the tandem bike and this is how I will choose to remember them. With our Prayers for Amanda and Family. love Paul and Tracy Wagner.

“ We got to know Dave through the Washburn marathon class. Dave was a great motivator and was skilled at teaching you how to push yourself through the stress of completing a marathon. Dave's running abilities, knowledge of training, and background in psychology made him an excellent teacher. Dave and Marcia were such nice, loving and caring people. The world was a better place with them in it. They will be greatly missed by everyone they touched in their lives.

“ I've known Dave since I was in the Master's program at Washburn, and was his teaching assistant for a year. He was a wonderful and gentle person, a big influence on everyone who ever was lucky enough to know him. I last saw him about a year ago when we met for lunch to discuss the possibility of some internships at the agency I was the director of. He will be greatly missed. I'm so sorry for all his family and friends.

“ My sincerest condolences to the Provorse and Rowley families. Dr. Provorse was one of my professors from 2013 to 2016. Words cannot express my gratitude for the kindness, challenge, and guidance he provided. He was genuinely so kind and wanted all of us to go out in to the world and do great things. I have crossed paths with him numerous times since to discuss and support field related topics. We were all so incredibly fortunate to have known the Provorse's.

“ Amber and I are heartbroken by this tragedy. We were neighbors at Sherman Lake. They took such joy in that place and we had some very enjoyable times by the bonfire playing old classic rock n roll songs. We had such a great time last year at the Big birthday bash at their place. We were so looking forward to spending more time with them over there. Sincere Condolences. Great people they were, we will miss them so much. RIP to them both.
