“ *Debbie and I grew up together in Greeley as little ones. We went to school together and always played together. We was like sisters . Also when she lived in Greeley we visited and sat outside drinking ice tea and looking at her beautiful flowers and garden in her back yard her pride and joy. She always looked forward to company and had the sweetest grandgirls. Her and I spent hours on the phone talking and remembering the good days we had spent together in school and she spoke of several of her classmates She will very much be missed until we meet up with her. She was a special cousin and my friend.*
