“ *Don was one of the biggest influences in my life. He took me on as a child and through discipline, laughs, and pats on the back, he set in me a strong work ethic and the confidence I've needed in my life. I have so many memories....those were good days and I know he had times where he missed that life too. I will deeply miss him....especially his laugh. Much love to his family....my how you've all grown!*

“ I just have to say a few more things about Don. He was the friend I needed at the time I needed it. I could not be depressed around him. He just knew how to take you back to the important things. I want to especially express my deepest sympathy to Eddie and Sedona. I can't imagine your loss. I know that a whole lifetime has passed and many later families I have never known are hurting. Even though all these years have passed, I share your grief. I feel as though I have forever lost the opportunity to reconnect. I have faith in Eternal Life and seek comfort in God. Nevertheless I will miss him. I wish I could be there. Don was a genuine light in my life.
