“ *I'll hold onto this memory for the rest of my life. Thanksgiving, the last photo of all of us together. We had the most perfect day with you. We played Uno, and you fooled Taylor and I into thinking you didn't know/ remember how to play. Then you went on to win almost every single game. We had you back that whole day, and I am forever grateful to have this picture with all of us so happy. Love you, Always.*

“ Don's smile added sunshine to the lives he touched. I had the honor of working with Don at West Lawn Elementary. He worked in the cafeteria. He greeted each child coming through the line with a smile or encouraging comment. Don and I would joke back and forth as I would make a stop in the kitchen to see how things were going for that team. One day Don was cutting apples and he got a bit close to his finger. He had to fill out some paper work and was done serving for the day! After this little incident, when I would walk in to the kitchen and if a knife was in his hand he would smile and say, "I am being REALLY careful." I am so glad I got to know Don and was able to work with him. I will ALWAYS remember that smile.

“ My Uncle Don was the happiest & friendliest guy that you could ever meet. He had a big smile, and a way to always make me feel like he was really glad to see me. As a kid, I have fond memories of skateboarding with my cousins from their driveway into the parking lot of Packer Stadium which was right down the block. We'd come home to Don and my Dad diving through doorway hoops into the garage and onto an old mattress, just to see who could do it the coolest. Naturally the rest of us had to join in, and boy, did we all take our lumps that day! Of course, our Moms weren't too happy with those shenanigans. Later in life, he always greeted us with a cold beer, a warm hug, and a thousand stories of a life well lived. In retirement, Uncle Don became the beloved "lunch lady" volunteer for many elementary children for a good number of years, I'm sure giving them a taste of his wacky humor and affection. Uncle Don, you were always loved, and you will be missed! --John Schaab, Denver

“ I worked at Stolley Park Elementary when Don was a "lunch lady." I enjoyed getting to know him. He was a kind and caring guy and always talked about his grand kids. A few years later, his grand daughter, Taylor Decker, was on our 7th grade team at Walnut Middle School. What a great kid! She often spoke of her grand dad. Please accept my prayers for your entire family. I know Don will be greatly missed.

“ *Rhonda - My deepest condolences to you and your family.*

I remember your dad attending so many of the girls' activities at Walnut and GISH and helping out. if we needed him to. He touched a lot of people during his life and will be missed.

I saw him a several months back, while I was out with some friends. I had a little chat with him. Even though he probably didn't remember me, he still took the time to talk. He was such a nice guy.
