“ I am really sorry I am not able to attend Ed’s visitation or funeral. I had back surgery and even with rehab I’m not able to stand or walk alone or I would be there. I have a lot of special memories of time spent with Ed. Memories of our years together at district 60 rural school. We spent lots of time building tumbleweed forts. I remember a Christmas program where Ed played the Doctor and I the very sick patient. During practice, we were told to be very serious because I was so ill. The night of the play when I entered the office, Ed had that contagious broad smile, and I completely lost my composure. What a job for me to pull that together. At that time we were in fourth grade. We spent a lot of good time together during the summers as well. The last time Ed and I were together we thoroughly enjoyed reminiscing. Dick Lepin
