“ *I was a high school classmate of Eldeen. Her boundless energy and cheerful nature made her a favorite in our class. We dated a few times and those times were the most fun ever. Eldeen was one of the most caring people I have ever known and obviously her nursing profession allowed her to share her joy of life with thousands of people. Our lives are much richer having known Eldeen. Rest In Peace, dear friend.*

“ *When Eldeen heard our son was on the way to the Parsons hospital with the loss of his foot she told staff to take care of us, then took us home with her, herself! Shared her family/food /transportation as long as we needed. Told me her name spelled backwards was needle-LOL - A kindness and treasure of a woman who will never be forgotten.*

“ Dear Eldeen's family.....you have no idea how many times Eldeen's name has been brought up. She was such an outstanding, influential, caring, Director of Nursing at our facility(GSS-Ravenna). She always pushed us to do our very, very best at what we do. She had so much fun with the residents--'red hat society' was always a hoot!! She even got the residents involved to make 'my' 50 red hat. I still have it after 12 years and I grin to myself when I see it. Whenever we needed her, she would walk down and help us out; in good and bad weather. Her main objective was to treat our residents with dignity and respect and have a darn good time while doing it. Her sense of humor was contagious!! Oh and her laugh :). Do pray God allowed her to pass into his kingdom with ease; she deserved the best. Sincerely, Bev Macek from Ravenna
