“ *Gordon and I went to Howard Elementary together. Gordon was always a funny guy or at least we thought so...not so sure Miss Moore and Miss Lee would agree. As the years rolled by, everyone seemed to go in different directions, I didn't get to see Gordon much and don't know where life's path took him, still it's nice to look back on the old days and wonder whether Miss Moore really had a rubber hose.*

Deepest sympathy to Gordon's mother, younger brothers and the rest of the family.
