My heart is sad for the loss of Jodi and I ache for her family. My memories of Jodi are from the HS Choir at Centura. She was a gift. In recent years we would chance to meet in Grand Island at random places and it was great to reconnect. Her smile was contagious. I pray for God's love to surround you and hold you.

Jodi was my mom's nurse. She was homebound and had Alzheimer's. She was so kind and patient with my mom and my dad both. May God bless her and her family. I ran into her several times over the last couple of years and it was always so great to see her. The Bernard Konen Family

“ Jodi came to our house every month. We got to know her like a family member. She loved to talk about her grandparents and the farm. She shared about the divorce but didn't share sad things. I wish we could have helped her in her pain, but did not know it was that bad. God bless you Jodi. Jim and Kathy Leschinsky

“ I met Jodi working at Bryan in Lincoln many years ago before she moved back to GI. I have worked with her on and off here in GI ever since I moved here. She was a great nurse and had the greatest compassion for her patients. I will miss our weekly talks and brainstorming sessions. Rest in peace beautiful friend 🙏

“ Tears of sadness, waves of grief...through it all a Mamas heart is never emptied of memories and love. May The Lord comfort as He walks you through this journey. Jodi was a spark of joy and giggles we remember well. Meeting when she was nearly 1 y.o. our families bonded with many memories. As she became best friends with our daughter Sarah, so her mother with me. We grieve with you and for you dearest friend. May The Lord's face shine upon you and give you His Peace. To all Jodi's family we send our deepest condolences.

“ I always had fun with Jodi in high school. I would pick her up for school her sophomore year even though our town was tiny and we could have walked easily. We hung out a lot that school year and into the summer. She was a great person to talk to and always had a smile. Later, when I was teaching in GI, she was a hospice nurse for the mom of one of my students. It was good to reconnect with her and see her spreading her love for taking care of people.

“ I will always remember Jodi for her beautiful smile and kind soul. She was an amazing nurse and touched so many lives. I have no doubt that when God made Jodi he made her to be a nurse cause she had the passion for it and it showed. I will never forget her. My prayers are with all of her Family and friends at this time and always.

“ To your family-I didn't know Jodi well, only to say when we first met alongside her friends, she carried with her a radiant smile and caring spirit. Having first met at a meeting and finding out she was a nurse, I called her weeks later. We shared our love of nursing and so enjoyed our visit. What a nice person. I so wish I would have taken the time to explore our mutual loves and friendships. I'm sure our God loved her, her warmth and heart as she shared her life with others. May God comfort you her dear family and friends in the loss of such a beautiful soul. She continues to touch so many lives even as we say goodbye. May we take that extra step to extend care and love to one another as we go forth. Rest in peace Jodi.

“ *With sympathy, and so much love, to Jodi's family and loved ones. I met Jodi 22 years ago. We were nursing buddies! We worked together and played together. Jodi was so much fun- always smiling! She was so kind and always offered support and encouragement to those in need. We were in GI together- and later, Lincoln. I can't say enough about how much Jodi meant to me. She was one of a very few close friends I've ever had.... no matter how much time went by- we would just pick up where we left off! To know Jodi was to love her. She was a special, special human. I'm privileged to have called her my friend. She was a beautiful, sweet, intelligent, strong, independent, God- fearing mother, daughter, sister, niece, grand daughter and friend. I will always miss her. My heart is broken- especially for her kids, family and numerous loved ones who will forever ache without her earthly presence. She loved Jesus. She is in heaven, at peace. And I'm so sorry that she's gone so soon. She made my world a better place- and I KNOW numerous others will say the same. I love you, Jodi. I'm sorry I wasn't there for you when you needed me most. I know you'll be waiting for me, when I come home. Until then friend, I love you so much.*
