“ We were deeply saddened to learn of John's death. I experienced John in two different situations...in his role as the father of two of my favorite students AND my being a patient at St. Francis where his competence, and that of the pharmacy staff whom he gathered and led, made me very comfortable and trusting when medications were sent from the hospital pharmacy to my patient room.

As a concerned parent at Parent-Teachers' Conferences, it was clear, in our review of the Rose boys' academic performance and behavior, that he expected the best effort and discipline from John and Jeff. All indications are that "the Rose boys" have followed their dad's example and advice and are young men that we can all applaud.

We will keep you in our prayers. May John Rest in God's Peace.

“ My condolences to Jan and family. Also working for Saint Francis, I had many good memories making sure Nursing and Pharmacy were working well together. It was always a pleasure working with John, solving patient care problems, and just having some great social times together. I am so sorry I am unable to attend his celebration of Life today, but know of my love and prayers.
