“ Larry and Family. We were saddened to hear the news. She always brightened my day when at the bank there before moving to AZ. Such a great couple you two always so upbeat and friendly and I enjoyed our days working together at Pella and think of you often. Wish there were more people like you two in the world as have fond memories of each of you!

I also had the pleasure of working with Judy at Five Piints Bank in the early 90's. She gave me my first chance at a banking job and would not be where I am at in my career without Judy. She was a great person with a huge heart and I truly will miss her! My heart goes out to Larry and her children and family as we are all missing a great lady with a huge smile!! My thoughts and prayers are with the family at this time.

“ Oh, where could you start with stories. I always told Judy she was our family's "Lucille Ball". I wasn't there camping in Wyoming when the lawn chair folded up on her and she went rolling down the hill! The time she rode the mower into the garage and lost control, ran into hanging storm windows. If she saw a snake! My mom and dad used to have a male mannequin that they dressed in one of my dad's old suits, shoes and hat. They put it in the closet when Judy and Larry came to visit. My mom was talking to her and she opened the closet saw the feet started screaming and running in place! When we were young my sister and I loved going to the farm, we would play over and over again on her record player "Itsy Bitsy Teenie Weenie Yellow Polkadot Bikini"! Oh, Judy, I will miss you so much, there was no one like you and never will be! I love her and all her family so much! Nobody fought harder to beat cancer than Judy!!!!
