“ Layton is my first cousin. When we were young he would always pick on me in a joking way. He would come up to my parents farm and we would go fishing he would say that I'm going to throw you over board in the water. I will always love him and miss him so much. Love and prayers to you all.

“ I have so many fond memories of Uncle Layton, he was always there to offer advice or listen. He would support you if he felt you were right but would also let you know if you were wrong or going about things the wrong way. I credit my decision to join the Army to the two men who had the most influence on my life, my Dad and Uncle Layton, both of who served in the Army as well. I and those who loved and knew Uncle Layton will miss him dearly.
