“*Margie Carol Fox has been my loving mother for 57 years. She was has always been a wonderful mother to me. She has been the one to console me and has always been my rock to lean on. Unfortunately, she is the last of her generation of Platters that will be dearly missed. She shared her love of Ogallala, Lake McConaughy, and Lake Ogallala “the little lake” with all that knew her. Kingsley Dam has always been a special place in the hearts of the Platters and their families. This, she has passed down to her own family by sharing her memories with us. Love you always mom! Know that your family loves you and will miss you always very much!*
