“ *Marty worked with my dad Gene years ago at G.I. Dodge. I honestly believe if not for Marty, those long days on the lot would have been near unbearable for him. I stopped by often and Marty was beyond welcoming each visit. He was an expert story teller, as energetic a person as you'd ever want to meet and very simply a solid citizen.*

“Marty was one of a kind individual that God only allows you to find once in your lifetime.... he and I shared a love of cars and car sales. Great car salesman that always had a story or joke, I always cherished our conversations. He would stop by and chat if he saw me mowing my lawn or at the grocery store, I was the recipient of his friendship for fifty great years. I received a birthday card in November, with a nice hand written note and he o clouded his telephone number, as I had recently moved to Lincoln I called Marty and had a delightful and laugh filled conversation which ended with us making a date to get together to reminisce more after this Coronavirus allows us....God rest you Marty ... I know you are in his presence now... and joking with Him!

“Marty became my friend in October, 1969 when I bought a car from him. It turned out to be a wonderful half-century of friendship between Marty, the short car salesman and the tall young pastor (9 years younger) of Abundant Life Christian Center. During Israel's Yom Kippur war in 1973 I spent the better part of a day in the showroom. Marty had asked when I walked in, “Hey, Rev, what is happening to my people?” I replied, “I don't know what will happen with this war going on, but I know what the final destiny of Israel will be!” Well, he wanted to know what I meant so I began talking about what the Bible says about the future of Israel and the Jewish people. I tried to be sensitive and would stop talking when a customer came in but Marty would bring them to me and ask me to tell them what I'd said to him. It was a day I'll never forget.

In 1990 I moved to Boise, Idaho where I spent the next twenty-two years. Sometimes when I came back to GI to visit my family I would stop and chat with Marty. He was always excited to see me and it seemed we would continue where we'd left off previously although it may have been several years.

Last fall I had a significant encounter with him and we spoke of some very serious things, including upon what does our hope for eternal life rest. He emphatically agreed with me that our hope is in Jesus alone. I was changed by this man and will never forget him!

“ Marty had been a close family friend for over 50 years. I first remember meeting Marty when I was five years old and he was playing poker with my dad and their buddies. From that day on he was always Uncle Marty to me and he instantly became a good friend and mentor. He was a true and loyal friend that was always there when needed. He was full of jokes, stories, and life advice that I continue to cherish. It wasn't long ago when I stopped over and was able to visit with him for a few hours and am so thankful I was able to do that. My wife, Lori, came to know and treasure Marty and he became a special friend to her as well. Our thoughts and prayers go out to Byron and Gordy and their families. We can just imagine that he and Vlassy are now reunited in heaven and are probably sharing stories and perhaps a game of cards. God bless.

“ My uncle Marty who adopted me over two centuries ago, not legally but, one of my father’s best friends of life. The day we meet was like two lost individuals reuniting once again, he totally embraced me as he would his own children; the love Uncle Marty shared was overwhelming, his passion of thoughtfulness, kindness, and generosity was heartfelt, the stories of life experiences and the teachings of being honest with yourself as well as with others,” with a bit of HUMOR”, I might add, was a life lesson for me. Uncle Marty, you will truly be missed by so many but the memories you created for all, will be cherished by all forever!
Your now eternal life begins and the reuniting with Fran and others forever, Rest in Peace my friend!

I'm so very sad your gone. He was the only uncle I ever had. We always talked at least twice a month on the phone for the last 40 years. Marty was my grandfather's brother. Marry told me stories about my grandfather, grandfather, and my own father who passed at age 37. In truth marty was the only family member that I had that I could honestly say that loved and cared about me. I know he's in heaven and will be able to rest now. I'll always love and miss you. I hope to see you again.
Love always, Darrin
