“ O thought I posted a memeory before but I will try again. Marvin is my dad, James Meadows, 1st.birn son from a previous marriage. We never lived together and inly.had 5-6 visits with one another over the course of 60 years. He came to Denver a few times with his kids. So we have had the pleasure of meeting Marvin, Jr., Lori, Santeen and William. I will never forget the 1st time I got to ride on a motorcycle was with Marvin. We rode around Denver for a.little while. Marvin was a always a good brother. We never really had the time to do the typically sibling things and get on each other nerves. I was hoping to see you once again but the Lord said differently. Enjoy your heavenly reunions. Much love, Lil brother Jimmy
