“ *My condolences to Victoria and family. We met Mert in 1978 and were friends all these 41 years. He was the only mechanic I trusted to service our 1978 Mercedes Benz which we still have! Blessings, Ronald Glasser*

“ *Mert was always there to help, no matter what the project was but especially if had to do with cars, especially Mercedes. I will always have great memories about our interactions.*

“ *Thinking back about 59 years ago, Mert and I and a bunch of other boy's that I can't remember their names right off hand, worked for a Tree Service out of Grand island planting tree's here in Aurora at Dr. Houtz new resident on the west side of town by the RR tracks. Mr. Schroeder was our employer and he acted and sounded more like Edward G. Robertson whenever he talked. First thing in the morning as we arrived to start a new day, the first thing out of his mouth was, "Ain't Going To Be No Fooling Around, See" we got a lot of work to do today. So after all these years whenever Mert and I would meet up, one of us would always greet each other with this phrase. Yes, we've had our good times together Mert and I'll miss our Greetings but knowing that you'll be there to greet me again someday when my time is up, makes it a lot easier to know that I have friends up there to. "Rest in Peace" my friend.....Fred Salmon*
