“ *I have so many great memories of Mike while he lived in Lexington. Junior High dances, shooting hoops in our driveways and drag racing our Mustangs east of town (it was no contest as his was way faster). It was tough when he and Mark moved to York in our Sophomore year, but we kept In touch and Mike and I reunited for one year at Kearney State College. In recent years, he and Mark have come to the Lexington alumni golf tournament and played with a group of his Minutemen classmates. I guess what I'm trying to say is that our friendship endured over many years and that friendship was priceless. My thoughts and prayers go out to Rhonda and his son and I know that he is in heaven loving his daughter and watching over all of us until we meet again.*

“ Rhonda, Brady, and family,
I am so very sorry for your tremendous loss. I had the honor of working with Mike at Overland back in the 90's. It didn't take long for me to realize and know that Mike was very special and so kind. As a new Lender, Mike was a fantastic mentor to me. He had such a wonderful personality and infectious laugh that one couldn't help but be drawn in by his sincerity. I was fortunate to have golfed with him on several occasions and picked up some great tips that he doled out. In retirement I loved hearing how he and Rhonda traveled Nebraska with the passport travels. They were so excited to tell of their journeys.
I am so sad by Mike's passing, but I know that he had a relationship with Jesus which gives me great comfort. Mikee, until we meet again I pray that you will continue to watch over your loved ones. You will be missed beyond words. Much love and thoughts to you and your family.

“ We are so sorry to hear that Mike has passed. I spent several years working with Mike at the Overland National Bank and without a doubt, he was a good kind man, great husband and father and an employee that any business would love to hire. Our thoughts and prayers extend to Rhonda and her family and wish you peace and comfort in knowing that his terrible ordeal is over. One of my most vivid memories of Mike is when the June tornadoes hit in 1980, Mike and I and a couple other employees of the bank were working that night calling past due loan customers. When the electricity went out and the winds hit, we headed to the basement of the bank where emergency lighting was on and waited out the storms. Someone found a radio so we could listen for the ok to leave and then the drive home made me realize what a terrible event had just happened. RIP old friend until we meet again.

“ To Twin Brother "Mike"

Growing up together we have accumulated many memories and stories. We both loved hunting, sports, golf(most of the time), lake homes, and of course our Wives, Children, and Family.

You can be very proud of your accomplishments in only 65 years. I can only imagine how much longer that list would be if we had 20 more years. Many will miss you! I agree with Scott: Your task now is to watch out for all of us. You know we definitely need your help.

Love you always

“ *Husband, Father, Son, Brother, Friend, Teammate and many more roles my Buddy carried out. Your pain is gone and you are free to cruise in the Mustang! I think my Lemans could still take your Stang off the line!*

Many many memories! Games bus rides, car rides and the wonderful time cleaning out under the grain scale in Waco. To many to mention!

It is your role now to keep watch over all of us now and you will no doubt handle it well.

Oh what a lucky man I am for having you as a friend. God Bless
