“ Marie helped my family more than I could've ever imagined. I knew her my whole Life. I am Lanell Anderson's grandson, Santana. She was my grandma's best friend. She helped my dad, brother, and I fight through tough trials. She babysat me when I was young and taught me something new everytime she saw me. I never acknowledged how special she was. If I new this day would happen soon, I would've spent every waking second with her. She was a protector. Now I know she is in the kingdom with my grandma. She impacted my life so much. Rest in peace.

“ Maria was my friend for many, many years. She'd often tell me about how much she loved the Lord, her son, grandchildren, sisters and their families, friends, her E Free Church that was so good to her, and her kitties and the animals in and around her home. When she'd call me, she'd tell me a sweet story or ask me to pray about a matter. She lived her life with gratitude and the purpose of loving God and expressing that love to all others. I miss her already. My heart is with yours.
