“ You were an amazing person! You didn't hesitate to help when you could! There were times you needed help and all you had to do was say something like you were hungry. We dropped everything and rushed right over! But those are not what I loved about you! You were passionate about anything you did! Your witty comments were amazingly fast! Like you didn't even think about it! The love you have for everyone in your life was what I liked most about you! I have only known you almost 2 years but you've impacted my life tremendously! Regardless of how long I've known you I grew to love you as if you were my blood! You were family no matter what! John and I miss you tremendously! It's not goodbye just til next time! We have alot of catching up to! We will see you again! We love you Mitch!
