

Pauline Jones

January 26, 1949 - September 24, 2019

Pauline J. Jones, 70, of Grand Island passed away at her home on Tuesday, September 24, 2019 due to a long fight with Lupus and Kidney Failure.

All Faiths Funeral Home of Grand Island is entrusted with arrangements.

Pauline was born on January 26, 1949 in McCook, NE, daughter of Harold and Violet (Cross) Blume.

Along with her brother and sisters, Pauline grew up near Indianola and graduated from Indianola High School class of 1967.

She married Daniel L. Jones November 13 1972. They later divorced but remained good friends.

While living in McCook Pauline was employed as a waitress, a factory worker, and lastly the manager at the local gas 'n stop. In 2001, Pauline relocated to Grand Island to be near her kids and grandkids.

Pauline enjoyed reading, and spending her free time crocheting afghans for friends and family. She kept her mind sharp by playing solitaire on the computer and keeping her grandkids in line. She was outspoken and had a feisty "won't take crap from anyone" personality; all while loving you to the moon and back with plenty of hugs and kisses.

She is survived by her mother, Violet Blume; children, Mischa Jones of Grand Island, and Ted (Denise Rose) Jones of Holdrege; grandkids, Hailey Jones, Chase Jones, and Jenna SaBell; great-grandkids, Bryson McFarlin and Izais Jones; brother, Ken (Bosa) Blume; sister, Nancy (Larry) Randolph; along with several aunts, nieces, nephews and extended family and friends.

Pauline was preceded in death by her father Harold Blume; sister, Thelma Pickett; niece Tammy Pickett, and nephew Jesse Randolph.

A formal funeral or memorial service was not Pauline's style; however, a family get together was her wish and will be held at a later date. Her cremains will be inurned at the Cedar Grove Cemetery Indianola, NE. Memorials are suggested to the family to be designated at a later date. You can send memorials to 803 S Pine St, Grand Island NE 68801.

“ *Mischa and Teddy your mom was a great lady, I loved her "fiesty" attitude. It has been many years since I saw her or you two but I babysat you both when you were little and your mom was working (thus the "Teddy") Sorry I am so late in posting but I just saw this on the Gazette website!! My thoughts and prayers are with you both and I am remembering some precious memories of your mom, hope you are too!!!*

“ *Pauline and I sat next to each other for awhile at the dialysis center in Grand Island. We were two peas in a pod. We would have the whole place laughing at times. We became good friends. Even after they moved her to a different chair she would always yell at me when she came in for her treatment. She was one of my favorite people at the clinic and I'm heartbroken that she is gone. Blessings to all her family and friends. Gonna miss you Pauline.*
