“ *There will never be another friend like her, ever! She was my best friend, confidant, and second Mother to my kids, Chris & Jenny. She wss absolutely the kindest, most caring, selfless, compassionate human being on this planet. There is not sufficient time to list just the times I remember when she reached out to help someone in some way or give words of encouragement or at least tell a joke to make their day. Believe me, she was a natural at telling jokes but I never had the heart to tell her she had just told me th most recent one last time we talked. O, how I will miss that beautiful face with the most incredible smile and her crazy sense of humor. I loved her like a sister and know she is smiling down on all of us and watching over us. I have neither the time or heart to say any thing more about her now. My pain is so real and I consider myself so fortunate to have been a friend to her. May she RIP. I love you, RaNae*
