“ Sherry & Connie,

My heart is so sad to learn of your mother's passing. I feel as if it is my mother passing all over again as she was a very dear mother and friend to me and my family. I have so many fond memories of the times we would spend together as families. I remember staying at her house while my mother and father worked. She would always fix sauerkraut and boy did I not like it. I loved playing in the backyard of your parent's house in Grand Island. I loved to go into the garage and bother your dad when he was working on his woodworking and he would chase us out to go and play. She was a very dear and close friend to my mother and through that friendship, I developed a wonderful relationship with her as well. I loved when we would get together and play cards, laugh, and joke about things in life. Her spirit was so refreshing and full of life when she was around. I will forever remember the times we spent together laughing, crying, and enjoying life. She will always hold a very special place in my heart. Know that she will be greatly missed and loved forever.

Love, Karen (Rosso) Hall
