“ *My grandmother was our family’s light always. The compassion and love she gave to everyone in her midst is the legacy she leaves behind in the hearts of all of us whose lives she touched. We miss you more than words have the capability to express Grandma. I love you so much, thank you all of your love and for everything you taught me. Your Chrissy*

“ *My Great-Grandma was the most compassionate and caring person I ever met. She always made sure us kids were set with koolaid when we came over and always made sure I got to have a baggie of her ranch flavored oyster crackers when I went home. Every single year for Christmas she would get me a new porcelain doll and I still have them all. She could never have enough hugs and she always hated goodbyes, so we would tell her bye at least 10 times until the final good-bye. Now I'm carrying her first great-great grandchild and I'm so proud to say that she had one of the most positive effects on me and I will make sure my child knows her. I love you grandma and I know you're watching me and you're proud of me and I will love you today and everyday.*
