“ I met Sadie officially when she came to pick which kitty she wanted. My neighbor had rescued a young mama cat that had been dumped and pregnant. She picked Smokey. She sent me pictures of them together. I was so sad and sorry to hear she had died suddenly. I wish they had more time together. But at least she was not alone when she crossed over into the Great Mystery.

“ *Sade and I attended Newell School together. We were in the deaf and hard of hearing home room class together. She was very polite and very quiet @ 1st until she got to know everyone. She was a great person, everyone liked her. I think she was awesome. We had some fun times in class. My condolences to the family and those who were close to her. Rest In peace Sade we'll see you in heaven. With love, Andrew Dieken your deaf classmate*
