“ *How does one properly capture the "essence" of Sandi. One of the kindest people I have known, beautiful inside and out, patient, compassionate, so wise, and uplifting to be in her presence.*

Her creative talents can be seen outside and inside her and Bob's beautiful home. Imagine building the dream home you are going to live in! Her major focus was family and community, all of which thrive because of her love and dedication. And the animal world is so much better off with her finding animals their forever paw print homes.

You are but a sunrise, gentle breeze, and smile away from us now Sandi. Thank you for the blessing of knowing you.
