“ I am so blessed to have had Zach in my AP Chemistry class. He was such a great student for me. So smart and willing to challenge me with the best questions! I always loved his stories and conversations we had the following Mondays after game days (football Fridays). I will cherish the memories I have with him forever.

I am so very sorry for your heart ache. Know that Zach, your entire family, and friends are in my thoughts and prayers. How blessed are we to have known someone so special that is so hard to say goodbye to. My deepest sympathies, Thera.
